MARK SCHEME — What Complete Notes Should Contain

8MJT Latin — Units 1.1 & 1.2 — Each lesson scored against these criteria

⚠ *DEMONSTRATION DOCUMENT — Student names are fictional (ECW wrestlers). All data is illustrative*

Lesson	Title	AO1 Criteria (Knowledge)
1	Stage 1: Caecilius	Roman family structure, paterfamilias role, domus layout
2	Stage 1: Metella & Grumio	Roles of women and slaves in Roman household, naming conventions
3	Stage 2: Daily Life	Roman daily routine, forum activities, business practices
4	Stage 2: Religion & Household Gods	Lares, Penates, lararium, daily religious practice
5	Grammar: Present & Imperfect Tense	Present tense endings (-t, -nt), imperfect tense markers (-bat, -bant)
6	Grammar: Nominative & Accusative	1st/2nd declension nominative and accusative forms, subject/object identification
7	Stage 3: Negotium	Roman business, merchant class, Pompeii trade evidence
8	Grammar: 3rd Declension & Genitive	3rd declension nominative/accusative, genitive case forms and function

e.

AO2 Criteria (Analysis/Evaluation)	What GREEN looks like
Why Romans valued family hierarchy; link between domestic space and social status	AO1: All key facts recorded with correct terminology. AO2: At least one evaluative point with supporting evidence.
How naming conventions reflected status; comparison of slave/free experience	AO1: All key facts recorded with correct terminology. AO2: At least one evaluative point with supporting evidence.
How commercial life shaped social relationships; evidence evaluation from Pompeii	AO1: All key facts recorded with correct terminology. AO2: At least one evaluative point with supporting evidence.
Why domestic religion mattered; connection between piety and Roman identity	AO1: All key facts recorded with correct terminology. AO2: At least one evaluative point with supporting evidence.
How tense choice affects narrative meaning; why Latin distinguishes continuous/completed action	AO1: All key facts recorded with correct terminology. AO2: At least one evaluative point with supporting evidence.
Why word order is flexible in Latin; how endings replace English word-order grammar	AO1: All key facts recorded with correct terminology. AO2: At least one evaluative point with supporting evidence.
How archaeological evidence shapes our understanding; limitations of evidence from one site	AO1: All key facts recorded with correct terminology. AO2: At least one evaluative point with supporting evidence.
Why 3rd declension is harder; how genitive constructions differ from English possession	AO1: All key facts recorded with correct terminology. AO2: At least one evaluative point with supporting evidence.

What RED looks like
AO1: Missing core content — notes insufficient for revision. AO2: No evaluative or analytical content.
AO1: Missing core content — notes insufficient for revision. AO2: No evaluative or analytical content.
AO1: Missing core content — notes insufficient for revision. AO2: No evaluative or analytical content.
AO1: Missing core content — notes insufficient for revision. AO2: No evaluative or analytical content.
AO1: Missing core content — notes insufficient for revision. AO2: No evaluative or analytical content.
AO1: Missing core content — notes insufficient for revision. AO2: No evaluative or analytical content.
AO1: Missing core content — notes insufficient for revision. AO2: No evaluative or analytical content.
AO1: Missing core content — notes insufficient for revision. AO2: No evaluative or analytical content.
